CAREER OBJECTIVE

Motivated and detail-oriented Information Science Engineering student seeking an opportunity through the AICTE Virtual Internship to apply technical knowledge, enhance practical skills, and contribute effectively to innovative projects in the field of computer science.

EDUCATION

Bachelor of Engineering (B.E) – Information Science Engineering
S J C Institute of Technology
CGPA: 8.61

Pre-University (12th Grade)
BGS Composite PU College, Agalpurki
Percentage: 93.6%

Secondary School (10th Grade)
St Joseph Girls High School, Chikkaballapur
Percentage: 97.4%

TECHNICAL SKILLS

Programming Languages: Python, Java
Web Development: HTML, CSS, JavaScript
Core Subjects: Data Structures, Database Management Systems (DBMS), Operating Systems
Tools & Technologies: Git, VS Code
Basic Knowledge: Artificial Intelligence, Machine Learning Concepts

SOFT SKILLS

Problem Solving
Communication Skills
Team Collaboration
Time Management
Adaptability

CERTIFICATIONS

Cisco Certification in Modern Artificial Intelligence

Cisco Certification in JavaScript Essentials I

Cisco Certification in Python Essentials I & II

PROJECTS

BitCHAT (Mini Project)

Developed a real-time chat application that enables users to communicate efficiently. Implemented basic messaging features and user interaction functionalities using web technologies.

Crowd Disaster Prevention System (Ongoing)

Currently developing a system aimed at predicting and preventing crowd-related disasters using data analysis and monitoring techniques to enhance public safety.

ADDITIONAL INFORMATION

Strong interest in software development and emerging technologies

Quick learner with a passion for continuous improvement

Actively seeking opportunities to gain industry exposure

DECLARATION

I hereby declare that the above information is true and correct to the best of my knowledge.
